^c HealthTwiSt GmbH Berlin, ^d Institute of Physiology, Charité – Universitätsmedizin Berlin, Berlin, and ^e SYGNIS Bioscience, Heidelberg, Germany

Sources of Funding

This study was supported by Art.Net., Deutsche Forschungsgemeinschaft, Germany (grant DFG BU1141/4-2), and the Volkswagen Foundation, Germany.

The funders had no role in study design, data collection and analysis, decision to publish, or the preparation of the manuscript.

Additional funding was received by SYGNIS Bioscience (Heidelberg, Germany), which kindly provided the granulocyte colony-stimulating factor (Filgrastim).

We apologize for these errors.
